

## MacCormack Road Repair - UPDATE

May 21, 2020

The City's paving contractor, Prairie Paving Inc (PPI), will be coming next week to finish paving work which was not completed last year. There will be some temporary road closures and detours, however the contractor has indicated that they will maintain access to affected residences. **This road construction is re-scheduled for May 25, 2020.**

We understand this work may be an inconvenience for the residents in MacCormack Ranch and apologize for any disruptions this may cause. We are working closely with the contractor to ensure this work has as little negative impact as possible.

We ask residents to please be mindful and follow all barricades, road closures, and detours that are in place. Above all we want to ensure the safety of all residents and workers. A map showing detour options is also shown. For residents of Hamm Terrace, please note that the contractor has indicated they will make special provisions so that residents have access, but please ask residents to make efforts to limit the number of trips on May 25 while this work is being completed.

As this project is being completed by a contractor, PPI; for specific project or scheduling concerns, please contact:

**Marc – Prairie Paving Inc.**  
**(306) 241-8869**

If you have any other questions or concerns, please feel free to contact City Hall at (306) 931-2166,

or e-mail Matt Gruza, Director of Infrastructure and Planning; [DirectorIP@Martensville.ca](mailto:DirectorIP@Martensville.ca).

**Thank you for your patience and cooperation!**
