RCMP REPORT

- S/SGT Eyre provided the Board with a brief report regarding current RCMP activities. He noted that a few vandalisms have been reported as well as a few break-ins to unlocked vehicles. He also advised the Committee about some important cases that the detachment had been involved in specifically the Pike Lake search and the drinking and driving case guilty plea at Wanuskewin and Highway 11 intersection earlier in the year. In addition, SGT Cisecki provided a review of the current RCMP activities he is involved in. He noted that the detachment is working on more proactive initiatives for the RCMP.

S/SGT Eyre requested that Planning and Development Manager Toth meet with the RCMP to discuss concerns as a result of the installation of lights at Central Street and 6th Avenue. In addition the Advisory Board requested that the RCMP focus on speed concerns. It was noted that both communities have been experiencing increased speeds as well as reckless driving.

2016/2017 POLICING PLAN

- The Board discussed the 2016/2017 Policing Plan that was developed by S/SGT Weber before his retirement. In addition, the Committee also discussed the Priorities/Goals for the Martensville/Warman Detachment document that was created by the communities with additional remarks provided by the RCMP. It was noted that the communities require a document that is a combination of both reports that can be provided to the public. The RCMP were advised that the communities require a report that highlights measurable information so that the communities can address citizen concerns and highlight how the RCMP are monitoring important priorities.

MINUTES OF THE PROTECTIVE SERVICES
COMMITTEE OF THE CITY OF WARMAN
Held in the Council Chambers - City Hall
Wednesday, June 15, 2016

The Board requested that the Priorities/Goals for the Martensville/Warman Detachment document be sent to all members. Further that this document be approved by both councils. Lastly, it was requested that Councilor Blackwell get in touch with the mayors of North Battleford and Humboldt and advise them that once the documents are approved by both councils the document can be shared with all communities interested.
