Lane and General Clean-up — Fall 2026

The City of Martensville is pleased to announce dates for the upcoming annual 'Lane and General Clean-up' program. This initiative allows residents to dispose of items that are not accepted during regular garbage pick-ups.

Our Public Works department, in collaboration with the Urban Camp, will collect eligible items on specific dates, which are listed on page 2. This program helps reduce the amount of trash and debris left in back lanes, at the City Yard Waste Depot, and in business/contractor dumpsters. Residents are responsible for ensuring their waste meets the criteria for collection. Any items not collected or not accepted under the guidelines must be properly disposed of through approved means to avoid penalties under the Waste Bylaw.

Please note: This program is designed for residential yard cleanup waste only and is not intended for commercial or industrial waste.
